## **Location**

The Bernese Highlands in the heart of Switzerland present one of the most stunning landscapes in the country. Imposing mountains and the famous three peaks of the Eiger, Mönch and Jungfrau form the majestic backdrop to Interlaken. This pretty little town «between the lakes», as its name implies, is globally renowned as both a summer and winter destination.

## **History**

The story of the VICTORIA-JUNGFRAU Grand Hotel & Spa starts in 1856, when the Pension Victoria opened in a former doctor's surgery. In 1899 a domed central structure linked the Pension to the Hotel Jungfrau next door. During the Belle Époque era, royals, intellectuals, artists and authors from around the world flocked to stay at this luxury hotel. Thanks to periodic renovations, the VICTORIA-JUNGFRAU Grand Hotel & Spa has retained the charm of those days and remains a cherished personal refuge for statesmen and women as well as personalities from the spheres of sport, business and culture.

## Rooms

The VICTORIA-JUNGFRAU Grand Hotel & Spa has 212 rooms and suites. All interiors are individually decorated in styles spanning classically fresh to elegantly modern; exquisite wall coverings, graceful parquet flooring and spacious marble bathrooms feature. Common to all rooms are harmonious color schemes, high technical standards and wonderful views.

## Restaurant

### *Restaurant «La Terrasse» (108 seats)*

With 15 Gault Millau points, the restaurant overseen by Stefan Beer draws inspiration from the cuisine of the Mediterranean and southern France, adeptly accompanied by traditional regional specialties. With its open yet intimate concept of space, the ambience of the restaurant recalls the fresh, warm tones, flora and furnishings of an orangerie in the south of France.

### *«Ristorante e Pizzeria Saponi» (70 seats)*

The «Ristorante e Pizzeria Saponi», which was opened in October 2017, is synonymous with the world of flavors and serves dishes that represent the full spectrum of Italian cuisine, ranging from antipasti to traditional meat dishes and home-made pasta. The highlights are the stone oven and the 8-metre-long bar, which is the perfect place for a tasty aperitif or delicious meal.

When the former brasserie was refurbished, great importance was attached to skillfully combining existing traditional elements with new materials.

### *«VICTORIA Bar» (72 seats)*

The «VICTORIA Bar» invites guests to unwind in relaxed surroundings. The extensive bar menu details classic and modern cocktails along with a selection of finger foods and snacks. Every Saturday and Sunday, British-style afternoon tea is served on request. During the winter, guests can make their choice from an extensive buffet.

*«Salon Davidoff – Cigar Lounge» (25 seats)*

Aficionados of cigars and tobacco can indulge their tastes at the «Salon Davidoff». The walk-in humidor is reminiscent of a traditional English private club – albeit one with breathtaking views of the majestic Jungfrau range.

From mid-April onwards, the 105-seat «VICTORIA Terrasse» becomes a traditional meeting place for local and international guests. Diners are invited to indulge in sweet treats such as Grandma's delicious apple pie, finger foods and «Z'vieri Plättli», while drinking in impressive views of the Jungfrau.

*«The Garden» (40 seats)*

During the summer, the idyllic restaurant on Höheweg invites diners to savor the warm weather. All food and drinks, from fresh fruit juices to exquisite pizzas, are also available for takeaway.

## **Meetings**

With their crystal chandeliers, stucco and gold-trimmed walls and high coffered ceilings, the «La Salle de Versailles» (405 square meters) and «Le Salon Napoléon III» (165 square meters) are among the most splendid venues in the country for receptions, conferences, banquets and concerts. The VICTORIA-JUNGFRAU Grand Hotel & Spa has a total of 22 function rooms accommodating 12 to 400 persons. All premises are fitted with state-of-the-art equipment, and have the grandezza of a grand hotel.

Meanwhile, the tranquil landscape of the Jungfrau region provides the ideal setting in which to combine a meeting or incentive event with any number of outdoor activities.

## **Spa and fitness**

The architectural heart of the spa is the impressive swimming pool, which brings the bathing culture of the Romans back to life. Also integrated are indoor and outdoor whirlpools, steam baths, Finnish and bio saunas with active light therapy along with an open-air spa lounge and terrace for relaxing sunbathing.

### *Spa Nescens*

The 5,500-square-meter Spa Nescens is dedicated to the Better Aging philosophy, which promotes harmonious interplay between health and well-being. In 16 light-filled treatment rooms, the team of specialists at the facility offer a unique range that includes Better Aging programs, osteopathy, physiotherapy, nutrition and coaching as well as facial and body treatments according to the Sensai Spa Concept.

### *Spa Bistro*

The Spa Bistro is an oasis devoted to unwinding and feeling good, and the perfect complement to the beauty and fitness program. From freshly squeezed, vitamin-packed juices to light bites that recharge the batteries, the small but effective menu presents a selection of healthy and wholesome drinks and snacks.

### *Health, fitness and sport*

The health and fitness center has a wide range of ultra-modern strength and endurance machines along with six tennis courts, while numerous sporting activity courses are available.

## **Getting there**

The VICTORIA-JUNGFRAU Grand Hotel & Spa is just a 10-minute walk from Interlaken West station. A hotel shuttle is available as required.

Coming by car, take the Interlaken Ost exit. At the roundabout, take the first exit into Lindenallee, turn right into Klostersgasse and then left into Höheweg.
